

# German Begin New Offensive Movement in East Prussia

tion in respect of the relation between this country and Germany which might be carried out by the German navy in carrying out the order of the admiralty to destroy any merchant vessel of the United States or cause the death of American citizens.

"It is, of course, not necessary to remind the German government that the sole right of a belligerent in dealing with neutral vessels on the high seas is limited to visit and search, unless a blockade is proclaimed and effectively maintained which this government does not understand to be proposed in this case. To declare or exercise a right to attack and destroy any vessel entering a prescribed area of the high seas without first certainly determining its belligerent nationality and the contraband character of its cargo would be an act so unprecedented in naval warfare that this government is reluctant to believe that the imperial government of Germany in this case contemplates it as possible. The suspicion that enemy ships are using neutral flags improperly can create no just presumption that all ships traversing a prescribed area are subject to the same suspicion. It is to determine exactly such questions that this government has the right of visit and search to have been recognized.

**NOT OPIN TO UNNEUTRAL ACTION**  
This government has carefully noted the explanatory statement issued by the German government in which it is at the same time with the proclamation of the German admiralty, and takes this occasion to remind the imperial German government very respectfully that the government of the United States is open to none of the criticisms of unneutral action to which the German government believe the governments of certain other neutral nations have laid themselves out. The government of the United States has not consented to or acquiesced in any measures which may have been taken by the other belligerent nations in the present war which operate to restrict neutral trade, but has, on the contrary, taken in all such matters a position which warrants it in holding those governments responsible in the proper sense for any such effects. The United States shipping which the accepted principles of international law do not justify, and that it, therefore, regards as free in the present instance, to take with a clear conscience upon accepted principles the position indicated in this note.

"If the commanders of German vessels of war should act upon the presumption that the government of the United States was not being used in good faith, and should destroy on the high seas an American vessel or the lives of American citizens, the government of the United States to view the act in any other light than as an indefensible violation of neutral rights, which it would be bound to regard as a flagrant and friendly relation now so happily subsisting between the two governments.

**WOULD HOLD GERMANY TO STRICT ACCOUNTABILITY**  
"If such a deplorable situation should arise, the imperial German government can readily appreciate that the government of the United States will be constrained to hold the imperial German government to a strict accountability for such acts of their government, and to take any steps it might be necessary to take to safeguard American lives and property and to secure to American citizens the full enjoyment of their acknowledged rights on the high seas.

"The government of the United States, in view of these conditions, which it urges with the greatest respect and with the sincere purpose of making sure that no misunderstanding may arise, and no circumstances may occur that might even cloud the intercourse of the two governments, expresses the confident hope and expectation that the imperial German government can and will give assurances that American citizens and their vessels will not be molested by the naval forces of Germany otherwise than by visit and search, though their ships may be traversing the sea area delimited in the proclamation of the German admiralty.

"It is added for the information of the imperial German government that representations have been made to His Majesty's government in respect to the unwarranted use of the American flag for the protection of British ships.

**NOTE FOR PRESENTATION TO BRITISH GOVERNMENT**  
February 10, 1915.

"The Secretary of State has instructed the British government a note to the following effect:  
"The department has been advised of the declaration of the German admiralty on February 4 indicating that the British government had on January 31 explicitly declared the use of neutral flags on British merchant vessels, presumably for the purpose of avoiding recognition by German naval forces. The department's attention has also been directed to reports in the press that the captain of a British ship, acting upon orders or information received from the British authorities, approached the British flag as his vessel to escape anticipated attacks by German submarines. Today's press reports also contain an alleged official statement of the British government regarding the use of the neutral flag by a belligerent vessel in order to escape capture or attack by an enemy."

"Assuming that the foregoing reports are true, the government of the United States, reserving for future consideration the legality and propriety of neutral powers in respect to the use of a neutral flag for the purpose of avoiding capture or attack by an enemy, is of the opinion that the use of a neutral flag by a belligerent vessel in order to escape capture or attack by an enemy is a violation of the rights of the United States as a neutral power.

**OF NEUTRAL POWERS**  
"The occasional use of the flag of a neutral or an enemy under the stress of an approaching enemy, which appears by the press reports to be the case, as the precedent and justification used to support this action, seems to this government a very different thing from an explicit and deliberate policy of government for its merchant ships generally to fly the flag of a neutral power within certain portions of the high seas which are presumed to be frequented with hostile warships. The formal declaration of a neutral policy of general misuse of a neutral flag jeopardizes the vessels of the neutral visiting those waters in a peculiar degree by raising the suspicion that they are of belligerent nationality, regardless of the flag which they carry.

In view of the announced purpose of the German admiralty to engage in active naval operations in certain delimited sea areas adjacent to the coasts of Great Britain and Ireland, the government of the United States would be of the opinion that any general use of the flag of the United States

by British vessels traversing those waters. A policy such as the one which is suggested by the German government is intended to adopt, would, if the declaration of the German admiralty be put in force, it seems clear, afford no protection to British vessels, while it would be a serious and constant menace to the lives and vessels of American citizens.

**ASKS RESTRAINT IN DECEPTIVE USE OF AMERICAN FLAG**  
"The government of the United States, in view of these conditions, which it urges with the greatest respect and with the sincere purpose of making sure that no misunderstanding may arise, and no circumstances may occur that might even cloud the intercourse of the two governments, expresses the confident hope and expectation that the imperial German government can and will give assurances that American citizens and their vessels will not be molested by the naval forces of Germany otherwise than by visit and search, though their ships may be traversing the sea area delimited in the proclamation of the German admiralty.

"It is added for the information of the imperial German government that representations have been made to His Majesty's government in respect to the unwarranted use of the American flag for the protection of British ships.

## JOHN L. WILLIAMS DIES AT RIPE AGE

(Continued from First Page.)  
to his liking he gave up and entered the banking house of John A. Lancaster & Son, in Richmond, financial agents of the Confederate States. After the war he established a banking house of his own, and later, with his son, John L. Williams, Jr., and Langbourne M. and his son, E. L. Bemiss, his firm took its present title, John L. Williams & Sons. The firm helped in the refunding of the debt of South Carolina, established the Georgia and Alabama Railway and the Seaboard Air Line, and has been interested in reorganizing and re-establishing city railroads and other institutions in Richmond, Petersburg, Norfolk, Augusta, Macon, Nashville, and Knoxville, as well as in Baltimore and New York.

**WAS MAN OF BROAD AND LIBERAL CULTURE**  
Mr. Williams was a man of broad culture and of considerable literary attainment. He was a member of the Protestant Episcopal Church, and in the councils of his church he had for many years exerted a wholesome and beneficial influence. For nearly fifty years he was treasurer of the Diocesan Missionary Society, for nearly forty years he represented his church in the diocesan council, and he was twice a delegate to the General Convention of the Protestant Episcopal Church. He was president of the Southern Churchman Company; president of the Virginia Bible Society; president of the Richmond Male Orphan Society; treasurer of the Virginia Negro Reformatory; president of the Virginia School for Colored Deaf and Blind Children, and was president of the Memorial Hospital, which was founded through the generosity of his family. Always a loyal alumnus of the University of Virginia, he made many gifts of money, books and portraits to the University. The portraits of Chief Justice Marshall and of Commodore Maury and a tablet of principles that adorn the library at the university are gifts from his hand.

**ABLE BIBLICAL AND SHAKESPEAREAN SCHOLAR**  
Mr. Williams was of a literary and philosophic turn of mind, and for many years he was a weekly contributor to the Richmond papers. His articles in The Times, The Dispatch and the News Leader, entitled "Observations," "A Little Philosophy," always attracted interest. He was considered one of the ablest biblical and Shakespearean scholars in the South. He was a member of the William and Mary Chapter of Phi Beta Kappa Fraternity. In 1908 Washington and Lee University awarded him the degree of doctor of letters. On October 12, 1864, Mr. Williams married Maria Ward Skelton, of this union eight children survive—John Skelton Williams, Comptroller of the Currency and former president of the Southern Air Line Railway; R. Langcaster, of Baltimore, vice-president of the Virginia Railway and Power Company; Mrs. E. L. Bemiss, E. Randolph, of the law firm of Munford, Hunton, State Health Commissioner; Virginia; Langbourne M. W. Berkeley and Lewis C. Williams. Another daughter, Miss Charlotte Williams, was drowned and it was in her memory that the Memorial Hospital was erected.

Mr. Williams was a man of charity and keen in his interest in the welfare of his fellow men. Many were his own blessings, and from them he gave largely to those who turned to him for help.

**Shot Through Breast.**  
J. S. Wilson, R. F. D. No. 1, was brought to the Retreat for the Sick last night suffering from a pistol shot wound through the left breast. He is said to have shot himself. No explanation for the act could be offered by his wife at the hospital last night. The man's condition is regarded as grave.

**Whittier's Condition Improved.**  
Robert Whittier, Jr., chairman of the Admiration Board, who is ill at Grace Hospital, suffering from intestinal trouble, was last night reported as being somewhat improved. He is said to have spent a good day and to be in excellent spirits. His physician, Dr. H. Stuart MacLean, is of the opinion that his recovery will be slow, but steady.

**Mining Company Declares Dividend.**  
BOSTON, February 11.—Directors of the Calumet & Hecla Mining Company to-day declared a quarterly dividend of \$5 a share. The regular payment was made last June. Dividends in September and December being passed.

**Committee Lacks Information.**  
The Council Committee on Dock, River and Harbor not last night, and adjourned without taking up business. Certain information, which the committee desired, was not on hand at the time, and it was decided to adjourn the meeting until this information could be procured.

**Council Considers.**  
A special meeting of the Common Council last night, designed to check further encroachment of negroes into a disintegrating ward, was held in Mr. English's office. On motion of Mr. English, the ordinance was read at length, and was then passed. Any other business was taken up, and the meeting adjourned.

## WHAT WARRING NATIONS CLAIM IN THEIR OFFICIAL STATEMENTS

**French**  
BERLIN, February 11.—The French War Office this afternoon issued this official communication:

"Along all of the front yesterday as far as Champagne there were artillery exchanges. In the northern section there were several aeroplane exhibitions on our part as well as on the part of the enemy. The projectiles dropped by the aeroplanes of the enemy fell within our lines.

"In Champagne a German attack against our position in the forest to the north of Mesnil-les-Hurlus, recently occupied by us, was repulsed.

"In the Argonne, the fighting in the vicinity of the Maria Theresa earthworks has been very violent. According to the latest reports received here, the German forces amount to about one brigade. We have maintained all our positions. The losses of the enemy are considerable and ours are serious.

"In the Vosges there has been a thick fog and abundant snow. It was during a very dark night that there occurred the infantry engagement reported yesterday at La Fontenelle, in the Ban-de-Sapt. The Germans had at least two battalions of troops present. After having receded some ground, our troops recaptured everything they gave up. This was during the day of February 10, and it was accomplished by a series of counterattacks.

The following official communication was issued by the War Office to-night:

"The enemy has strongly bombarded Neuport and the banks of the Yser, but has not done material damage. Our artillery has responded effectively.

"In the Argonne, in the region of Bagatelle, after a violent struggle with lance and bombs, which continued throughout the morning, a German attack was delivered at 1 o'clock in the afternoon against the earthworks of Marie Theresa.

"It was carried out in line by columns of four, along 500 metres of the front, but was broken down by our artillery and infantry fire. The enemy left a great number of dead.

"In the Vosges, south of the Chateau-de-Lusse, and north of the Col-de-Santa Marie, in a sudden attack, we occupied a German trench. On several parts of the front there have been spirited artillery engagements."

**Spanish Minister Caro Expelled by Carranza**  
Ordered to Leave Mexico Within Twenty-Four Hours From Midnight of February 10.

**Now on His Way to Vera Cruz**  
American Battleship Delaware Lies in Harbor There With Instructions to Offer Him Refuge—Deportation May Cause Complications.

WASHINGTON, February 11.—Jose Caro, Spanish minister to Mexico, has been summarily expelled from Mexico by General Carranza. To-night he was believed to be on his way to Vera Cruz, where the American battleship Delaware lies in the harbor, with instructions to offer him a refuge.

News that the minister had been given twenty-four hours from last midnight to leave Mexico because he is alleged to have sheltered Angel de Caso, a Spanish subject, accused of aiding Villa, came to the State Department late to-day.

After hurried conferences between Secretary Bryan and the Spanish and Brazilian ambassadors here, Secretary of the Navy Daniels cabled Captain Rodgers, of the Delaware, to take Minister Caro on board and await orders. Consul Canada at Vera Cruz was directed to give the minister every assistance.

When Minister Caro received Carranza's notice he immediately prepared to start for Vera Cruz, expecting to sail for Havana to await instructions from his government. An American warship will take him to Cuba, unless a merchant ship bound that way puts in at Vera Cruz within a day or two.

**German**  
BERLIN, February 11 (by wireless via London).—At the War Office to-day the following statement was issued:

"In the western theatre of war an attack in the Argonne resulted in a gain of ground for us. Six officers, 307 men, two machine guns and six small cannon were captured. In the central and southern Vosges we also gained a few small local successes.

"Eastern theatre: On the East Prussian frontier engagements were continued yesterday, with results which were altogether satisfactory to us, although they have hindered the movements of our troops. The result of these engagements cannot yet be seen.

"In the Polish theatre, on the right bank of the Vistula, an advance brought us into the district northwest of Sierpe, through which our opponents were repulsed. One hundred prisoners were taken.

"On the left bank of the Vistula there were no special incidents."

**Russian**  
PETROGRAD, February 11.—The following statement from the general staff of the Russian commander-in-chief was made public to-night:

"It has been definitely established that the Germans are concentrating very great forces in East Prussia. These forces have started an offensive which they are developing, especially in the direction of Wilkowszki (north of Augustow) and Lyck.

"The presence is reported of units composed of new recruits from Central Germany.

"Our troops, keeping the enemy in check, are retiring from the Mazurian Lakes toward our frontier.

"On the right bank of the Vistula some small encounters have taken place in the direction of Schemnitz, toward Ostrolenka, and in the region of Serpzet, on the Skirwa River.

"On the left bank of the Vistula there have been only combats.

"In the Carpathians the enemy attacked to the west of Mezolaborch, in the direction of Jablonow, to the east of the Uzoal Pass. We repulsed all these attacks and also a German offensive on the heights of Kozulovka.

"We seized the heights near Rabbe, east of Lupkow Pass, after a violent fight, and captured as many as 1,000 prisoners."

**Spanish Minister Caro Expelled by Carranza**  
Ordered to Leave Mexico Within Twenty-Four Hours From Midnight of February 10.

**Now on His Way to Vera Cruz**  
American Battleship Delaware Lies in Harbor There With Instructions to Offer Him Refuge—Deportation May Cause Complications.

WASHINGTON, February 11.—A compromise proposal, designed to extricate the administration ship-purchase bill from the deadlock that has blocked its passage in the Senate and to avert an extra session, was put forward to-night by House Democrats through Representative Kitchin, of North Carolina, chosen majority leader of the next House.

The new plan, which proposes the passage of the shipping bill as a temporary emergency measure, was developed at conferences on the House side of the Capitol, while the Senate adjourned. The measure, supported by supporters of the measure opposing the Democratic leaders to force a cloture rule that would end the determined filibuster.

As announced by Representative Kitchin, the compromise contemplates passage through the House next week with an amendment that would terminate the government's activities in the shipping business two years after the close of the European war. Despite President Wilson's announced determination to stand by the Senate bill in its present form, Representative Kitchin said, House leaders, anxious to avoid an extra session, proposed to put this amendment before the Senate and give the president an opportunity to accept it in the event of the failure of the pending bill.

**TO BUY LAND IN VIRGINIA**  
National Forest Reservation Commission Approves Purchase.  
WASHINGTON, February 11.—The National Forest Reservation Commission has approved purchase of 35,370 acres, in addition to the 1,174,208 acres already approved for national forests in the Southern Appalachians and the White Mountains of New England.

The land consists of 10,533 acres in Virginia and 12,867 acres in North Carolina and 11,970 acres in New Hampshire. The total amount of money involved is \$225,035.

## GREAT BRITAIN SEIZES CARGO OF WILHELMINA

Action Is in Accordance With Decision of Foreign Office—Goes to Prize Court.

FALMOUTH, February 11 (via London).—The cargo of the American steamer Wilhelmina was seized by British authorities here to-day, in accordance with the decision of the Foreign Office. The cargo is to go to a prize court.

**STATE DEPARTMENT WATCHFUL**  
Case Will Be Allowed to Take Normal Course, but Proceedings Will Be Carefully Observed—Findings Not Necessarily Binding.

WASHINGTON, February 11.—The State Department will content itself to take a normal course, which involves going to a prize court, because of the issue raised by the British contention that Germany has justified seizure of the cargo by its course appropriating the home grain supply.

The St. Louis commission house owning the cargo, and perhaps the Wilhelmina's owners, will be represented by counsel before the court, but the State Department will be present by instructing the American ambassador at London to observe the progress of the case carefully.

The decision of the prize court is not necessarily binding upon the United States, and it may be made the subject of a protest and diplomatic negotiations.

**OWNERS GET ASSURANCE FROM STATE DEPARTMENT**  
NEW YORK, February 11.—Marvin R. Lindheim, counsel for the Wilhelmina's cargo owners, said to-day he had received assurances from the State Department that, in the event the English prize court decision is, "in the judgment of our government, not supported by evidence or warranted by our construction of the law, our government will make protest."

The owners had been advised, he said, by Secretary Bryan that they had a perfect right to make the shipment, and that the State Department had full knowledge of all the facts.

**CITY MADE GOOD RECORD, DESPITE CALAMITY YEAR**  
(Continued from First Page.)

5,000,000 tons a year for twenty-five or thirty years." According to this expert, a plant could be established in the Richmond coal field that would yield 1,500 to 2,000 tons a day. Without disrespect to the local coal field, which has been employed in the local market, said Mr. Reed, this expert asserts that the methods they employed were comparatively primitive, and that the introduction of the latest mining methods and machinery alone is needed to demonstrate the value of the Richmond coal field.

"I should consider myself remiss in the face of such evidence," said Mr. Reed, "if I did not give it publicity, and I recommend the reference of the letter, and the important matter to which it refers, to the consideration of the chamber's committee on mines for investigation and report, coal being a basic feature in industrial development of ever-increasing value and importance."

**ADDRESS BIG FEATURE OF ANNUAL MEETING**  
Mr. Reed's address was the central feature of the annual meeting, which received with hearty applause by the 300 members that came to the Jefferson Hotel Auditorium last night to take part in the chamber's big annual occasion. On the platform with Mr. Reed were seated, among others, F. D. Williams, L. Z. Morris, W. T. Carrington, Judge George L. Christian and S. H. Hawes, all former presidents of the Chamber of Commerce.

Following its time-honored practice of re-electing for a second term the presiding officer, the membership unanimously re-elected W. T. Reed to serve as president of the chamber during the ensuing year. All the other major officers were likewise unanimously re-elected. These are:

E. C. Laird, first vice-president; Coleman Wortman, second vice-president; R. A. Dunlop, secretary; F. D. Dunlop, treasurer; and W. T. Dabney, business manager. Traffic Manager E. S. Goodman is not an elective officer, but retains his position permanently under direction of the Inland Trade Committee.

**MEMBERSHIP ELECTS TEN NEW DIRECTORS**  
The constitution of the chamber requires the dropping every year of ten of the twenty-five members that compose the board of directors, and the election of ten new men in their places. President Reed appointed a nominating committee of five, consisting of L. Z. Morris, chairman, W. T. Carrington, Edgar Taylor, E. D. Williams and O. H. Funsten. The committee reported the names of ten new men for election to the board of directors. The report was adopted unanimously.

The new members of the board are: W. Frank Powers, J. Scott Parrish, George W. Stevens, A. O. Swink, Dr. Stuart McGuire, B. W. Wilson, I. J.

SPLITS have now been placed on the market and should be asked for at all first-class Bars and Restaurants.

## SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys, and skin are too feeble to carry it off. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood, on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion.

Get Hood's Sarsaparilla to-day. Sold by all druggists.—Adv.

**GIVES EX-PRESIDENTS THE RIGHT TO VOTE**  
The membership unanimously adopted the motion passed at the last annual meeting, investing former presidents of the Chamber of Commerce with the right to vote at meetings of the board of directors. Under the chamber's constitution, the amendment had to be ratified at two successive annual meetings before the change could be made. The amendment is now in effect.

**TO DROP ONLY FIVE MEMBERS OF BOARD**  
The members voted unanimously for a plan to amend the constitution providing that only five members of the board be dropped annually from the board of directors. This would entirely change the composition of the board every five years, which was regarded as sufficient reform. Under the existing arrangement, it has become necessary frequently to displace with the services of experienced and valuable members before they had had an ample opportunity to give their best service to the chamber.

Short talks were made by Secretary Dunlop and Business Manager Palmer. The latter made a stirring plea for adjustment of all differences in the chamber's membership, to the end that the organization may present a solid front on all questions affecting the common interests of the city. Both he and President Reed, in his address, paid a grateful tribute to the City Council for the ready cooperation that it has extended the chamber on all occasions—particularly during the year just past.

**PREDICTS UNBROKEN RECORD OF UNIFORM PROGRESS**  
Mr. Reed, in his address, touched briefly upon the union station matter. "The question of a union station in Richmond," he said, "has engaged the active attention of the chamber for several years, but owing to the financial situation, a situation that has temporarily suspended all large undertakings of this character, nothing definite has been agreed upon, but I feel sure that a separate building for the concrete plans will be erected, which will be satisfactory to both the railroads and Richmond, on this subject.

Following the business session and adjournment, a social gathering, which was a beautiful affair, was held to which the members proceeded to do ample justice. A five-piece orchestra enlivened the occasion with popular airs.

**JUVENILE SOCIETY WILL HOLD ANNUAL MEETING**  
Richmond Probation Officers Will Make Reports at Session To-Night in Jefferson Hotel.

The annual meeting of the Juvenile Protective Society of Virginia will be held to-night at 8:15 o'clock in the Jefferson Hotel. Reports will be read by Rev. W. Russell Howie, D. D., and by Rev. H. M. Melton, for the steering committee. J. Hoge Ricks and Miss Sarah Heller will give accounts of their work as chief probation officers, and will tell of the actual experiences met with in court.

In preparation for the meeting an interesting summary of the juvenile law of Virginia and of the work in Richmond during the past year has been compiled by Mr. Ricks and mailed to all members. The statistics contained in the document are declared to prove that there is a pressing need for a separate Juvenile Court in Richmond. Measures necessary for the protection of the children of Virginia are especially recommended. The paper has already been laid before the City Council.

Arrangements will be made for employing a paid secretary to look after the wards of the society, the need of which has been demonstrated by the pressing scope of the work. Six other cities in Virginia are preparing to provide Juvenile Courts, and it is thought that there are large opportunities for a secretary.

Meetings will also be perfected for a meeting in Portsmouth on Tuesday in connection with the annual State conference of Charities and Corrections. A delegation will go from Richmond to show them how we do it. Lynchburg, Roanoke, Danville and Newport News will also send delegates.
